

GAS TURBINES AND ENERGY BIOMEDICAL AUTOMOTIVE OIL AND GAS GENERAL INDUSTRY AEROSPACE

READY TO BE YOUR PARTNER,
GLOBALLY.

A NEW EFFICIENCY.

Gas turbines and energy, biomedical, automotive, oil and gas, general industry, aerospace. Whatever your field of play, we can give you the most evolved technologies to reach the goal with a new and competitive efficiency. It is based on an experience built patiently over the last 40 years, on large investment in equipment and process development and continuous evolution through R&D. It is because we work side by side, with you, to balance innovation, management organization, auxiliary equipment, supply chain management, rapid processing and through these steps to reduce and control cost. And we do it in a way that cannot be effectively done by big groups or small individual companies.

THE FLEXIBILITY OF
SECTOR-FOCUSED
INDEPENDENT
COMPANIES AND
**THE STRENGTH OF
A GLOBAL GROUP.**

300 employees in 7 companies.
5 in Europe + 2 in USA.

10 production sites.
More than 10% of researchers.

UNITEDCOATINGS GROUP
MUCH MORE THAN COATINGS

The brand built
on a history of
long term success.

DO YOU WANT TO HAVE CUTTING EDGE
TECHNOLOGIES TO BE A LEADER IN THESE FIELDS?

HERE WE ARE.

YOU CAN GET MORE THAN AN EQUIPMENT:

WE DELIVER PERFORMANCES, WE GUARANTEE QUALITY AND PRODUCT COSTS OF YOUR PLANT.

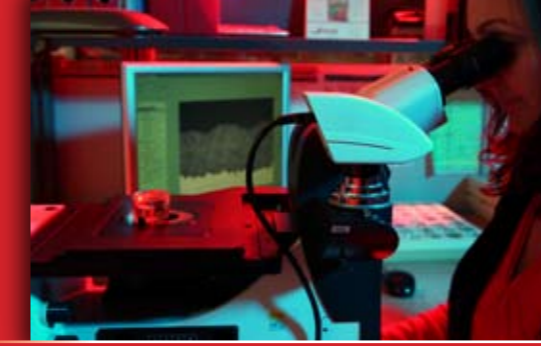

WAYS TO DELIVER CUSTOMER SATISFACTION.

Unitedcoatings Group offers all services that enable our partners to develop technologies that can be easily inserted in their processes.

- 1 COATING SERVICE**
Unitedcoatings Group provides coating service in several markets based on 40 years experience. Our thermal spray, diffusion and PVD coatings are supplied with a proven life matching our competence and responsiveness to your demand.
- 2 SHOP IN SHOP**
Where production volume justifies investment we will build and manage a coating facility in the customer's OEM plant. We can do it as a joint venture or a wholly owned subsidiary.
- 3 SHOP AT THE DOOR**
When appropriate we can establish a coating facility close to the customer's facility.
- 4 EQUIPMENT SUPPLYING**
Artec is a group company dedicated to the design, construction and delivery of turn-key coating equipment.
- 5 TECHNOLOGY TRANSFER**
Based on a very successful coating service experience from 1973 we can support OEM with our know-how to guarantee a smooth and safe production start up and troubleshooting backup.
- 6 DEVELOPMENT AND BACKUP**
Development of new products and applications can start at a unitedcoatings facility and transferred to the customer's facility after validation. United coatings can then provide troubleshooting support and backup production capability.

THE BEST WAY TO GET YOUR OWN COATING PLANT. "THE PLANT SOLUTION PACKAGE" AND THE COST EFFECTIVE APPROACH.

- ▶ Coating service
- ▶ Construction of complete coated components
- ▶ Development of coating solutions
- ▶ Coating know how
- ▶ Standard and customized thermal spray equipment
- ▶ Fully automated thermal spray equipment for mass production
- ▶ Laboratory and quality procedure
- ▶ Coating post-treatment: grinding, polishing and super-finishing
- ▶ Plant layout design according to lean manufacturing principles
- ▶ Plant Management with a lean manufacturing approach
- ▶ Financial control
